

STARCUT500

The entry level folding offering in the STARCUT range of professional rotary mulchers from Spearhead Machinery Ltd is the STARCUT 500.

With mid-size agricultural, professional contractor and local authority applications very much in mind, the five metre cutting width of the STARCUT 500 is expected to generate significant levels of interest given the inherent design quality and extensive build specification.

Manufactured to the same exacting standards, and possessing the same innovative design characteristics as the other models in the STARCUT range, the only discernible difference is the operational cutting width.
