

# STARCUT 730

The sleek and imposing dimensions of Spearhead's STARCUT 730 are the first characteristics of this 7.3 metre professional rotary mulcher to catch the eye. The scale and capability of the STARCUT 730 is designed to appeal to large-scale farmers in the UK, Europe, United States, Canada and Australia as well as large contractors, municipal users and airport authorities.

As with the other models in this premium range, apart from the options on cutting width, the real benefit to professional users is the design and quality of build and performance, all of which creates higher quality mulching and a more even distribution.

Boasting an abundance of intelligent design features, the full specification of the STARCUT 730 establishes it firmly at the top of its class. The ultimate performance in grass maintenance, set-aside and the heaviest duty scrub clearance is now achievable far more effectively, far more quickly and far more economically.

- 7.3 metre Cutting Width
- Heavy Duty 250HP Input Gearbox
- Heavy Duty 116HP Rotor Gearboxes
- Hydraulically Folding to Transport width of 2.8M
- Wide Angle Constant Velocity Joints on PTO
- All Steel Monocoque Deck Construction
- 8 Large Pneumatic Rear Wheels
- Puncture Resistant Industrial Tyres
- Hydraulically Controlled Parallel Linkage
- Anti Scalp Rotor Protection Dishes
- Choice of Rotors
- Choice of Blades
- Full Width Walking Axles
- Chain Link Front and Rear Safety Curtains
- Floating Wings
- Rear Lighting Kit

MODEL	STARCUT 730
Cutting Width	7.30m
Overall Width	7.40m
Overall Length	6.40m
Transport Width	2.80m
Transport Height	3.40m
Machine Weight	3530kg
Gearbox Rating	250hp & 116hp
Cutting Range	0-380mm
Number of Rotors	5
Blades	15 or 30
Blade Overlap	80mm
Blade Tip Speed	90m/sec
PTO Protection	Slip Clutch
PTO speed	1000rpm
Tractor Power Required	160hp
