

MULTICUT 820

When it comes to performance, a massive 8.2 metres of cutting capacity means that you will eat your way through the workload. Impressive productivity follows and in a full day it is perfectly reasonable to cut over 200 acres.

Incorporating all of the build strength of the smaller MULTICUT flex wing models the MULTICUT 820 really is the weapon of choice for all of your intensive mowing requirements.

- High Strength Steel Deck Construction
- Replaceable Full Length Skids
- 250HP Input Splitter Gearbox
- Front & Rear Chain Safety Curtains
- HD3 Rotors with 15 High Lift Cutting Blades
- Anti Scalp Rotor Protection Discs
- Floating Wings for Even Cutting
- Deck Protection Rings
- High Specification Slip—Clutch Protection
- Hydraulic Height Adjustment
