**ROTARY
SWIPES**

Rotary Swipes

Wheels and tyres

8 ply 500x8 heavy duty industrial pneumatic tyres are virtually puncture proof

Spannerless adjustment

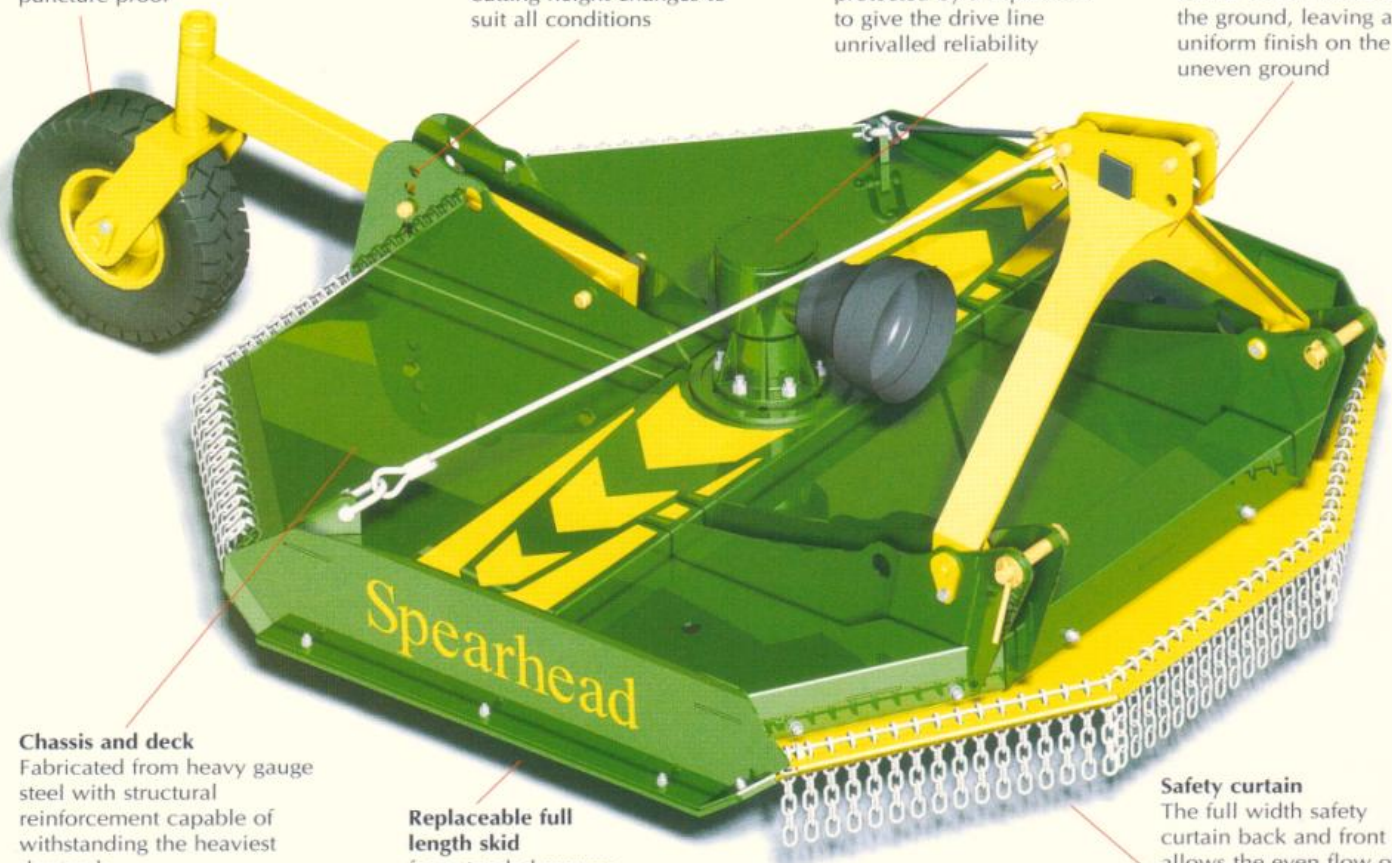

between 10mm and 350mm for rapid-in-field cutting height changes to suit all conditions

Gearbox

High quality bevel gearbox, (rated at 95hp) protected by a slip clutch to give the drive line unrivalled reliability

Heavy duty floating linkage

Enables the machine to follow the contours of the ground, leaving a uniform finish on the uneven ground

Chassis and deck

Fabricated from heavy gauge steel with structural reinforcement capable of withstanding the heaviest demands

Replaceable full length skid

for extended mower life and reduced running costs

Safety curtain

The full width safety curtain back and front allows the even flow of cut material while preventing flying debris. A rubber rear guard is available as an option

Ideal for: woodland rides, cutting reeds, bracken & gorse, grass maintenance.

Probably the toughest rotary swipes of their type. These machines are built and designed in Great Britain without compromise on quality.

The massive triple blade holder and the robust, 13mm thick spring steel blades are capable of cutting and mulching scrub up to 75mm thick.

The unique high lift fins, lift all material including fine grass to a uniformed cut. The floating linkage combined with the wide full length skids follow the most uneven ground contours.

TECHNICAL SPECIFICATIONS

	1600	2000
Swipe	1600	2000
Transport width	1.75m	2.12m
Cutting width	1.60m	2.00m
Cutting height	500mm to 250mm	50mm to 250mm
Weights	520kg	700kg
Shipping specification	1.75m x 2.4m x 1.6m	2.12m x 2.8m x 1.6m
Tractor size	75-120bhp	75-120bhp
P.t.o. speed	540rpm (Optional 1000rpm)	540rpm (Optional 1000rpm)
Gearbox rating	95hp	95hp
Drive-line protection	Slip clutch on p.to.	Slip clutch on p.t.o.
Options:	"Stump jump" pan for extra reliability Chain kit to replace blades for stoney conditions
